espace structure

Introduction

What is espace?

- espace is a learning management system (LMS) incorporating tools to design, author and manage all aspects of the online e-learning environment.

It provides :

- A secure web environment
 - Online Collaboration
 - Online Courses
 - Professional Learning Communities.
-
- espace is structured into :
 - A General espace site
 - Cluster espace sites
 - Individual espace sites.
 - (espace uses Janison LMS)

espace Structure

[General espace Site](#) (Can be accessed by all users with ntschools accounts.)

General eSpace is where all Public courses (open to anyone in the NT Education Community), individual courses or online environments that are cross divisional, cross schools or cross clusters will be housed and available.

[My Cluster espace Site](#) (All ntschools users are in one of the cluster espace sites.)

Within this environment users are able to collaborate and create online learning communities and online courses within their own clusters which are shared. Primary schools can have their own private site within this site.

[My School espace Site](#) (Accessed by High Schools, Distance Ed, Group Schools)

Access for schools that have established their own online learning communities and online courses which is secure within own site.

Accessing espace in the ntschoools environment

You can access the general espace site through the ntschoools portal under the resource tab. Alternatively the portal administrator from your school can provide a URL link on your own individual portal site to the general espace, your cluster espace and to your individual espace site if it applies to your school.

Logging onto espace

ntschoools Account Users

When you are logging in from a school computer connected to the ntschoools network you need to open up Internet Explorer and type in *http://espace.ntschoools.net*

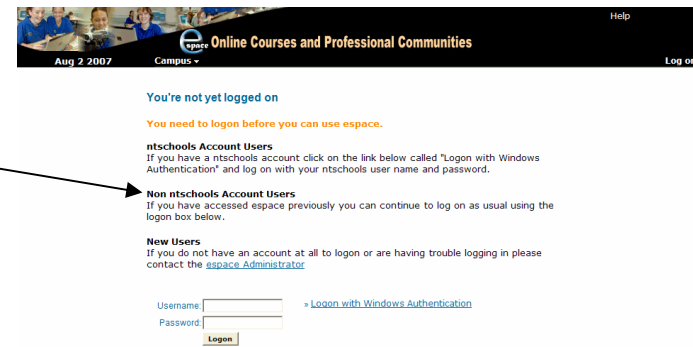

A pop up window will appear for you to put in your ntschoools user name and password. Then click ok.

Accessing espace in the ntschools environment

Note If you don't have a ntschools account you need to click the cancel button to go to the espace log in screen

If you do not have a ntschools account but have accessed espace previously you need to click on the cancel button and it will take you to the espace log on screen. Log on as normal.

Government

Accessing espace in the new environment

You can access espace through the URL : <http://espace.ntschoools.net>

If you are wanting to access your cluster or own individual site you will need to type in the URL for your site.

Examples : General espace (<http://espace.ntschoools.net>)

Cluster espace (<http://parcs.espace.ntschoools.net>)

Individual espace (<http://darwihs.espace.ntschoools.net>)

Northern
Territory
Government

Urban Primary School

Example : Urban Primary School

If you are a teacher or student at Anula Primary School you will go to the following espace sites.

[General espace Site](http://espace.ntschoools.net) – It will take you to the general espace site
(<http://espace.ntschoools.net>)

[My Cluster espace Site](http://northernsuburbs.espace.ntschoools.net) - It will take you to the city cluster site
(<http://northernsuburbs.espace.ntschoools.net>)

[My School espace Site](http://northernsuburbs.espace.ntschoools.net) - It will take you to the northernsuburbs cluster site
<http://northernsuburbs.espace.ntschoools.net>

Group School Example

Example : Group School

If you are a teacher or student at Douglas Daly you will go to the following espace sites.

[General espace Site](http://espace.ntschoools.net) – It will take you to the general espace site
(<http://espace.ntschoools.net>)

[My Cluster espace Site](http://parcs.espace.ntschoools.net) - It will take you to the parcs cluster site
(<http://parcs.espace.ntschoools.net>)

[My School espace Site](http://tegs.espace.ntschoools.net) - It will take you to the tegs site
<http://tegs.espace.ntschoools.net>

High School Example

Example : High School

If you are a teacher or student at Darwin High School you will go to the following espace sites.

[General espace Site](http://espace.ntschoools.net) – It will take you to the general espace site
(<http://espace.ntschoools.net>)

[My Cluster espace Site](http://citycluster.espace.ntschoools.net) - It will take you to the city cluster site
(<http://citycluster.espace.ntschoools.net>)

[My School espace Site](http://darwihs.espace.ntschoools.net) - It will take you to the darwihs site
<http://darwihs.espace.ntschoools.net>
