Wonderful World of Weather

- Are you teaching Yr 2 - Yr 5?
- Are you investigating the weather in 2008?

Then why not join this online project to investigate weather phenomena both locally as well as in other places around the world

Go to: <http://www.k12science.org/curriculum/weatherproj/>

Down the Drain

- Are you Yr 4- Yr 8?
- How much water do you use in your home?

This Internet-based collaborative project will allow students to share information about water usage with other students from around the country and the world.

Origin Energy Home Energy Project

- For Yr 7 - Yr 9
- What does it mean to be an Aussie?

This project encourages students prove that every household can save energy.

Go to: <http://www.originenergy.com.au/hep>

Air Pollution: What's the Solution

- For Yr 6 - Yr 12
- What are the causes and effects of outdoor air pollution?

Students will focus on outdoor air pollution; what it is, what factors contribute to its formation and the health effects from breathing polluted air.
