

## Mobile Pre School Enrolment: Frequently Asked Questions (FAQs)

January 2009

### **What is the new process for enrolling Mobile Preschool students?**

From the *commencement of Term 1 2009* students who attend a *Closing the Gap (CTG) Mobile Preschool* will be entered into SAMS as Trial Preschool (TPR).

### **Why is this process being introduced?**

The process is being introduced to identify, track and report on students who are enrolled in the CTG mobile preschool program. This process will allow access to enrolment and attendance information as well as the potential to track the progress of these children in the future. This information will also assist in the formulation of further funding for mobile preschool sites.

### **Who will be trained in SAMS?**

The mobile preschool project managers will provide professional development and support in SAMS and related processes to the mobile preschool teachers and administration officers in schools with mobile preschools attached.

### **Who is responsible for inputting the data when students are enrolled?**

Administration officers or school staff who currently input SAMS data will be required to enter mobile preschool children on the SAMS database. The mobile preschool teachers, project managers and administration staff will provide ongoing support to schools when needed and answer any questions that schools may have.

### **What is the administrative impact on schools?**

There will be minimal impact on schools. Mobile preschool staff will be available to assist and support school administration staff if required.
